## **2017 PRECISION DRIVERS SCHOOL**

APRIL 22 – 23, 2017

### **DRIVER'S CHECK LIST**

**The car you participate in should be in good working order. For your information, and so there are no surprises at the tech inspection, please be sure your car meets the following criteria:**

- Battery should be secured.
- There should be measurable tread depth on all four tires. No bald tires or tires with cords showing will be permitted.
- Suspension should be in good condition. Bushings, steering components and wheel bearing should all be within factory specifications.
- Brake fluid should be exchanged. (This is recommend for safety, though not required.)
- There should be no major fluid leaks of any kind.

#### **Items you should bring with you to the track:**

- Driver's license (or learner's permit)
- Guardian consent form (if under 18 years old)
- DOT or Snell rated helmet if you own one. We have limited loaners available and helmets are required to participate.
- Appropriate attire. (Jackets, close-toed shoes, rain wear, sunglasses, sunscreen, hats, etc.) We experience all manner of weather at the track.

#### **Things to remember for the school:**

- NO LOOSE OBJECTS IN CAR!
- Set tire pressure before heading to Samoa. Tires should be set 5-10 PSI higher than you would run on the street for normal driving. Bring a tire pressure gauge if you have one.
- Fuel up your vehicle before heading out to breakfast Samoa Cookhouse. There are no gas stations once you cross the bridges to Samoa. Be sure you have enough fuel to last the entire day.
- Bring a positive attitude, enthusiasm and willingness to learn!
