707 822-7265

SCHEDULE OF EVENTS

Thursday, July 19

5:30 pm – 7:30 pm Tech Inspection for Humboldt area cars and helmets at:

Leon's Car Care Center 929 Broadway, Eureka.

Please, Humboldt area cars must be teched at this time

Friday, July 20 (last chance to order lunches for both days)

4:00 pm - 8:00 pm Tech Inspection at the Hoopa Volunteer Fire Department

Burger Barn closes at 6pm if you need a burger before/after tech

8:30 pm Drivers School to follow Tech at the Tsewenaldin Inn Motel in Hoopa

All newcomers to the hill are required to attend

Saturday, July 21

LIMITED tech time! \$10.00 late tech fee

7:00 am Meet at the hill for setup. Be on time!

7:30 am See chairman for late registration and tech

8:30 am Mandatory driver & worker meeting

10:15 am – 3:00 pm-ish Timed runs

(note: Joe's Deli delivers bag lunches on both days but only if you order at tech Thursday or Friday or with entry form)

5:30 pm Tri-Tip dinner and social at the Tsewenaldin Inn, free for 2-day drivers, others \$20.00, so don't miss it!

Sunday, July 23

7:30 am Meet at the hill for setup. Be on time!

8:45 am Mandatory driver & worker meeting

10:15 am – 3:00 pm-ish Timed runs

4:00 pm – 5:00 pm Awards Ceremony at the Tsewenaldin Inn as soon we clean up the hill and get the trophies figured out. The more help we get, the faster it goes.

Every year, Redwood Sports Car Club awards \$250 Scholarships to local students. Congratulations to our 2016 Scholarship recipients Winnie Carpenter & Emmanuel Cry

THANK YOU TO OUR SPONSORS!

CAUTION: Hillclimbing is definitely not for beginning drivers, consequently, the RSCC reserves the right to refuse any participant. The Hill is fun to drive as well as being difficult to master at speed, so caution is most definitely recommended for those who have never seen the Hill. **A MANDATORY Drivers School for first-time Hillclimbers will be held Friday evening after Tech** - see the schedule for location & time. **NO IMPROMPTU PRACTICE:** There will be absolutely NO "practices" on the Hill at anytime. We could lose our site for violation. Violations of this rule will result in immediate disqualification with no refund. The hill may be driven in street legal cars, following all traffic laws, prior to 7:00 am each day. All entrants are asked to help setup each morning. It is unfair for people to get extra time on the hill while others are working. No entrant traffic on the hill while we are setting up.

TECH: Expect a rigorous, off-trailer session. Any car which goes "off-course" during a run will be expected to be re-teched before it is allowed to run again. Battery hold-downs must be either of the stock type or a solid metal clamping device. Elastic cords are not acceptable. Tires that will be used on the Hill must be at tech for inspection. Any alteration made to the car after tech must be cleared with the tech inspector. No open holes are allowed in the bulkheads between the engine and the driver or between the fuel tank and the driver. Helmets and drivers licenses will be checked at this time.

A MANDATORY drivers meeting will be held each morning. Failure to attend will be considered grounds for disqualification or forfeiture of your first run.

WORKERS: All drivers will work or provide one worker per car driven on the day(s) you participate in this event. We will need corner workers and you can expect to be called upon to help.

RELEASE WAIVERS: All participants, pit crews, spectators, etc., must sign the insurance release form.

CAR NUMBERS & PITS: These will be assigned on a first come-first served basis and verified by email or phone call. Other info, rules, etc. will be provided at the event and will take precedent over any other printed material. Car numbers and 2017 NHA stickers must be visible from both sides of the car, no exceptions. NHA stickers will be available at the Hoopa tech on Friday for \$10.

MUFFLERS: Spark arrestor type mufflers are required.

AWARDS will be given on the following basis:

- 1 to 3 cars in a class – 1 award
- 4 to 6 cars in a class – 2 awards
- 7 or more cars in a class - 3 awards

929 Broadway Eureka, CA 95501 (Highway 101 at Washington)
707 444-9636 or 800 543-7858 · leons-carcare.com

FOOD: There will be snacks & drinks available for sale at the hill. Joe's Deli will be making bag lunches and delivering them to us on Saturday and Sunday, but only if you place your order by Friday, at the latest. Local businesses are a big part of why we are able to keep the Hillclimb, so please support them. There will be a Tri-tip dinner with all the fixins on Saturday night at Legion Hall located behind Burger barn and Tent Man sales. Dinner is included for two-day drivers, \$22.50 for everybody else. Please pay with your entry application. Sorry "No Credit Cards".

RUNS: Two runs per day per driver.

REFUNDS: Failure at tech is not a reason for a refund, have your car ready to race! Cancellations must be received by 7-20-2017. There will be a \$35.00 cancellation fee.

DRIVERS must wear a helmet which must be an approved Snell 2005 or newer. Drivers must wear shoes, long sleeved shirts and long pants, made of cotton or Nomex, while on their runs. Driver's Suits are strongly recommended. Always buy the best safety equipment that you can afford.

SAFETY EQUIPMENT: Shoulder harnesses and/or cross chest harnesses are mandatory. All open cars must have roll bars that are above the drivers helmet, adequately braced, and be constructed to S.C.C.A. GCR specifications. GCR reg.18.1.2 states - Forward braces and portions of the main hoop subject to contact by the driver's helmet shall be padded with non-resilient material such as Ethafoam or Ensolite or other similar material with a minimum thickness of one-half inch. Integrated roll bars, such as Corvette & Porsche "Targas", etc. are acceptable. The driver's side window must be rolled up, or a window net or arm restraints used. ROAD RACE CARS: GCR ROLL BARS are required. Arm restraints strongly recommended in all open-top cars.

FIRE EXTINGUISHERS or fire systems are mandatory in all cars. They must be mounted using a metal bracket, be within easy reach of the driver or a safety official, and must be a minimum 5BC rating. They must be professionally tested and tagged within 13 months of the event.

LADIES CLASS: Hoopa Hillclimb results will include Ladies Class results. However, trophies will be awarded on a gender neutral basis.
